October 2024 NCAA Division I Council-Governance Publication of Proposed Legislation

The Council-Governance POPL presents all proposed amendments to the NCAA legislation in areas of Council governance that have been properly introduced for final review during the October 8-9, 2024, Division I Council meeting.

The publication is updated from the Legislative Services Database for the Internet (LSDBi) once a day. As modifications or corrections are made to proposals during the sponsor modification period, updates will be made to LSDBi and those changes will be reflected in the POPL.

Because changes to the POPL will occur on a regular basis, there is no table of contents or index; however, users may use the "Bookmark" feature of the Adobe Reader to quickly scan the proposal numbers and titles and go directly to those proposals within the document. Users may also use the "Search" feature to find particular proposals. The proposals are presented by topical area by bylaw numbers and by proposal number within topical areas.

Legislative Process for the October 2024 Legislative Cycle

Sport oversight committees have authority to adopt legislation related to the sports in specified areas. Legislation adopted in the specified areas is not considered final and effective until the conclusion of the October Division I Council meeting. The areas in which sport oversight committees have authority to adopt legislation are:

1. Conduct of athletics personnel (NCAA Bylaw 11);
2. Recruiting (Bylaw 13);
3. Playing and practice seasons (Bylaw 17);
4. Processes and procedures related to the administration of the regular season and championship (Bylaw 31); and
5. Sportsmanship and other ethical behaviors.

Legislative Process for the Council to Consider Legislation in Other Areas.

A sport oversight committee or the council may introduce legislative proposals in areas other than those for which the sport oversight committees have authority. Other standing committees may recommend that the council introduce legislative proposals. After an initial comment period a sport oversight committee may modify a proposal it introduced. The NCAA Division I Legislative Committee will review proposals and provide feedback to oversight committees and the council. The Council will consider legislative proposals during its October meeting.

Category: Amendment

Topical Area: Recruiting

Rationale: This proposal promotes the growth of conference championship events through additional attendance and the opportunity for enhanced community for engagement. For example, conference offices would be permitted to provide complimentary admissions to community organizations or school districts. Allowing
conferences to provide complimentary admissions unrelated to recruitment will not impact competitive equity between member schools. Selection of specific recipients (as individuals, teams or athletics programs) would not be permissible. Any complimentary admission provided by a conference must be unrelated to athletics recruitment and not involve athletics staff at member schools (or boosters) in any way. No recruiting activities in conjunction with the conference championship would be permitted.

Division I Commitment addressed by proposal: The Commitment to Responsible Recruiting Standards.

Is the proposal consequential or nationally significant?: Yes. Consistent application of recruiting legislation related to postseason conference tournaments is nationally significant.

Is the proposal enforceable and how do the merits outweigh monitoring burdens?: Yes.

How does the proposal support student-athlete success/well-being?: Promoting growth of conference championships enhances the overall experience of student-athletes participating in the event.

Estimated Budget Impact: Dependent on conference decision-making.

Impact on Student-Athlete's Time (Academic and/or Athletics): None.

No. 2024-46 Recruiting -- Notification of Transfer Windows -- Reduce from 45 Days to 30 Days -- Basketball and Football

Intent: In basketball and football, to reduce, from 45 days to 30 days, the duration of the notification of transfer windows for undergraduate four-year college transfer student-athletes.

Bylaws: Amend 13.1.1.3, as follows:

13.1.1.3 Four-Year College Prospective Student-Athletes. An athletics staff member or other representative of the institution's athletics interests shall not communicate or make contact with the student-athlete of another NCAA Division I institution, or any individual associated with the student-athlete (e.g., family member, scholastic or nonscholastic coach, advisor), directly or indirectly, without first obtaining authorization through the notification of transfer process. Before making contact, directly or indirectly, with a student-athlete of an NCAA Division II or Division III institution, or an NAIA four-year collegiate institution, an athletics staff member or other representative of the institution's athletics interests shall comply with the rule of the applicable division or the NAIA rule for making contact with a student-athlete. [See Bylaw 19.1.3-(f).]

13.1.1.3.1 Notification of Transfer -- Undergraduate Student-Athletes. A student-athlete may initiate the notification of transfer process by providing the student-athlete's institution with a written notification of transfer and completing an educational module related to transferring. Notification of transfer must be initiated during a period specified for the applicable sport (see also Figure 13-1). If notification of transfer is provided during a specified period, the student-athlete's institution shall enter the student-athlete's information into the national transfer database within two business days of receipt of a written notification of transfer from the student-athlete or receipt of confirmation of the student-athlete's completion of the educational module, whichever occurs later. [D]

[13.1.1.3.1-(a) through 13.1.1.3.1-(c) unchanged.]

(d) In basketball, a student must provide written notification of transfer during a 45 30 consecutive-day period beginning the day after championship selections the conclusion of the second round of the NCAA Division I Men's Basketball Championship and the NCAA Division I Women's Basketball Championship, respectively.

[13.1.1.3.1-(e) through 13.1.1.3.1-(f) unchanged.]

[13.1.1.3.1-1 changed.]

13.1.1.3.2 Notification of Transfer -- Postgraduate Student-Athletes. A student-athlete who will participate as a postgraduate student at another institution following the next regular academic term or academic year (two semesters/three quarters) may initiate the notification of transfer process at any time between October 1 and the end of the final period specified for the applicable sport in Bylaw 13.1.1.3.1 by providing the student-athlete's institution with a written notification of transfer and completing an educational module related to transferring.
The student-athlete’s institution shall enter the student-athlete’s information into the national transfer database within two business days of receipt of a written notification of transfer from the student-athlete or receipt of confirmation of the student-athlete’s completion of the educational module, whichever occurs later.

[13.1.1.3.2.1 unchanged.]

Topical Area: Recruiting

Rationale: When the Board of Directors incorporated windows into the notification of transfer process, there was a recognition that the timing and duration of the new windows would need to be monitored and potentially adjusted. Summer access activities are unique to football and basketball and an earlier transfer window deadline allows more time for student-athletes to engage in the recruitment process and make decisions prior to the start of summer classes and summer access activities. Further, in basketball, a 30-day transfer window is consistent with data demonstrating the majority of aided undergraduate basketball student-athletes entered the NCAA Transfer Portal within the first four weeks or 30 days of the undergraduate transfer windows that applied in 2023 and 2024. In men’s basketball, moving the opening of the transfer window one week later than the current window (day following Selection Sunday) avoids conflict with most teams’ participation in postseason tournaments, as data shows the vast majority of teams’ seasons have concluded by the Monday after the second round of the NCAA championship. Additionally, closing the transfer window in basketball in late April minimizes the impact of transfer activity during most institutions’ final exam periods, including the likelihood that student-athletes would be asked to host prospective student-athletes during this time. Between June and October, the football oversight committees will refine the recommended timing and format of a 30-day window or windows for undergraduate football student-athletes and the proposal will be updated. Lastly, the Division I Student-Athlete Experience Committee will continue to review the proposal and consider feedback from the Division I Student-Athlete Advisory Committee prior to considering or recommending an amendment to modify the transfer windows for all other sports.

Division I Commitment addressed by proposal: The Commitment to Responsible Recruiting Standards.

Is the proposal consequential or nationally significant?: Yes. The notification of transfer windows impact when the majority of undergraduate student-athletes have the opportunity to initiate the notification of transfer process.

Is the proposal enforceable and how do the merits outweigh monitoring burdens?: Yes. The proposal would simply reduce the duration of the notification of transfer windows for basketball and football.

How does the proposal support student-athlete success/well-being?: Student-athletes who are not transferring will have knowledge of those who intend to remain on their teams at an earlier point in time.

Estimated Budget Impact: None.

Playing and Practice Seasons

No. 2024-47 PLAYING AND PRACTICE SEASONS -- MEN’S LACROSSE -- NUMBER OF DATES OF COMPETITION -- THREE DATES OF COMPETITION DURING NONCHAMPIONSHIP SEGMENT

Intent: In men’s lacrosse, to specify that an institution shall limit its total playing schedule with outside competition during the playing season to 17 dates of competition during the segment in which the NCAA championship is conducted and three dates of competition during the nonchampionship segment.
Bylaws: Amend 17, as follows:

17 Playing and Practice Seasons

[17.01 through 17.14 unchanged.]

17.15 Lacrosse. Regulations for computing the lacrosse playing season are set forth in Bylaw 17.1. (See Figure 17-1 and Figure 17-2.)

[17.15.1 through 17.15.4 unchanged.]

17.15.5 Number of Contests and Dates of Competition.

17.15.5.1 Maximum Limitations – Institutional.

(a) Men. An institution shall limit its total playing schedule with outside competition during the institution’s playing season to 17 dates of competition during the segment in which the NCAA championship is conducted and three dates of competition during the nonchampionship segment, except for those dates of competition excluded under Bylaws 17.15.5.3 and 17.15.5.4.

[17.15.5.1-(b) unchanged.]

[17.15.5.1.1 unchanged.]

17.15.5.2 Maximum Limitations – Student-Athlete.

(a) Men. An individual student-athlete may participate in each academic year in not more than 17 dates of competition during the segment in which the NCAA championship is conducted and three dates of competition during the nonchampionship segment. This limitation includes those dates of competition in which the student represents the institution in accordance with Bylaw 17.02.8, including competition as a member of the varsity, junior varsity or freshman team of the institution.

[17.15.5.3 through 17.15.5.4 unchanged.]

[17.16 through 17.34 unchanged.]

Effective Date: August 1, 2025

Category: Amendment

Topical Area: Playing and Practice Seasons

Rationale: Currently, an institution is permitted 17 dates of competition, which may be divided between the championship and nonchampionship segments as the institution chooses. Under the current legislation, programs are struggling to establish a competitive championship segment while also saving playing dates to help develop student-athletes in the nonchampionship segment, which is a time of year less likely to be impacted by severe weather. This proposal would enhance the student-athlete experience and the development of student-athletes in the nonchampionship segment without expanding the existing 132-day season. The proposed structure is similar to that of other sports, including women’s lacrosse, which allows five nonchampionship dates of competition. This proposal would maintain the prohibition on missed class time during the nonchampionship segment.

Division I Commitment addressed by proposal: The Commitment to Fair Competition.

Is the proposal consequential or nationally significant?: Yes. This proposal is significant to all institutions that sponsor men’s lacrosse.

Is the proposal enforceable and how do the merits outweigh monitoring burdens?: Yes. This proposal would not increase monitoring burden.

How does the proposal support student-athlete success/well-being?: This proposal would provide student-athletes with additional opportunities to develop and compete during the nonchampionship segment.

Estimated Budget Impact: Variable; cost associated with up to three additional dates of competition.
Impact on Student-Athlete's Time (Academic and/or Athletics): Variable; time associated with up to three additional dates of competition.

No. 2024-48 PLAYING AND PRACTICE SEASONS – WOMEN’S LACROSSE – PRESEASON PRACTICE

Intent: In women’s lacrosse, to specify that an institution shall not commence practice sessions in the championship segment before the second Saturday in January.

Bylaws: Amend 17.15, as follows:

17.15 Lacrosse. Regulations for computing the lacrosse playing season are set forth in Bylaw 17.1. (See Figure 17-1 and Figure 17-2.)
[17.15.1 unchanged.]

17.15.2 Preseason Practice.
[17.15.2-(a) through 17.15.2-(b) unchanged.]

[17.15.2-(b)-(1) unchanged.]

(2) Championship Segment. The third second Saturday in January.
[17.15.3 through 17.15.8 unchanged.]

Source: NCAA Division I Council (Student-Athlete Experience Committee)

Effective Date: August 1, 2025

Category: Amendment

Topical Area: Playing and Practice Seasons

Rationale: By moving up the first permissible practice date by one week, women’s lacrosse student-athletes would have a longer transition period between the start of practice and competition, which would benefit their physical and mental health. Although the first opportunity to practice would occur one week earlier, the playing season would not be extended beyond the current limit of 132 days.

Division I Commitment addressed by proposal: The Commitment to Student-Athlete Well-Being.

Is the proposal consequential or nationally significant?: Yes. This proposal will promote consistent scheduling as it relates to the beginning of practice.

Is the proposal enforceable and how do the merits outweigh monitoring burdens?: Yes. This proposal would be easily enforceable and does not create an additional monitoring burden.

How does the proposal support student-athlete success/well-being?: This proposal will allow for student-athletes to engage in meaningful practice activities before engaging in regular-season competition.

Estimated Budget Impact: None.

**Bylaws:** Amend 17.28, as follows:

17.28 Water Polo. Regulations for computing the men's and women's water polo playing season are set forth in Bylaw 17.1. (See Figure 17-1 and Figure 17-2.)

17.28.1 Length of Playing Season. The length of an institution’s playing season in water polo shall be limited to a 132-day season, which may consist of two segments (each consisting of consecutive days) and which may exclude only required off days (see Bylaws 17.1.7.4, 17.1.7.6 and 17.1.7.7) and official vacation, holiday and final-examination periods during which no practice or competition shall occur.

**Category:** Amendment

**Topical Area:** Playing and Practice Seasons

**Rationale:** Currently, the length of the playing season in basketball fluctuates between 21 or 22 weeks based on the timing of when the championship game occurs. This proposal would standardize the playing and practice season to 22 weeks, eliminating variability in the length of the playing season based on the calendar and/or when the championships are held. The proposal would relieve scheduling compression that currently occurs in years when the playing season is 21 weeks. Shifting the first permissible contest date avoids conflicts with election day and provides flexibility as it relates to potential facility and television window conflicts.

**Division I Commitment addressed by proposal:** The Commitment to Fair Competition.

**Is the proposal consequential or nationally significant?** Yes. Standard playing and practice seasons are nationally significant.

**Is the proposal enforceable and how do the merits outweigh monitoring burdens?** Yes. This proposal does not create a new monitoring burden.

**How does the proposal support student-athlete success/well-being?** The proposal would relieve scheduling compression during years when the playing season is 21 weeks.

Topical Area: Championships and Postseason Football

Rationale: This legislation preserves current access for Division II members that have the opportunity participate in the Division I Men's Ice Hockey Championship because no Division II championship is conducted. This change would preclude access to Division I championships in other sports for institutions that are not active members of Division I, either as a full member or as a multidivisional member in the applicable sport. Generally, only Division I programs should be eligible to participate in Division I championships. In order to participate in the championship, an eligible Division II institution must be selected pursuant to Division I selection processes and procedures.

Is the proposal consequential or nationally significant?: Yes. Championships access is nationally significant.

[21.10.7 through 21.10.8 unchanged.]

The size of all NCAA championships fields shall be established by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee to provide for efficient management of the events, adequate NCAA championship opportunities relative to the nationwide quality of competition and sound economic administration of the financial resources of the Association and its championships.

[31.01.4 unchanged.]

[31.02.2 through 31.02.4 unchanged.]

31.1 Administration of NCAA Championships.

31.1.1 Authority for Conduct of Championships. As specified in Bylaw 18.1, all NCAA championships shall be conducted in accordance with the general policies established by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee and shall be under the control, direction and supervision of the appropriate sports committees, subject to the standards and conditions set forth in these executive regulations. Additional policies of an administrative nature are set forth in the respective championships handbooks and are to be followed in the administration of NCAA championships.

[31.1.1.1 unchanged.]

31.1.1.2 Appeal of Decisions of Sports Committees. An appeal of a decision of a governing sports committee, or a subcommittee designated by it, concerning questions of individual or institutional eligibility or the conduct of a championship will not be considered by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee at any time during the championship or 48 hours immediately preceding the beginning of the championship. During such period, the governing sports committee, or a subcommittee designated by it, shall be the final authority in acting upon appeals concerning the conduct of the championship, subject to the provisions of Bylaw 31.2 regarding institutional and individual eligibility questions.

[31.1.2 unchanged.]

31.1.3 Sites and Dates. The governing sports committees recommend to the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee the sites and dates for all NCAA championships.

[31.1.3.1 unchanged.]

31.1.3.2 Site Selection. The governing sports committees shall evaluate prospective sites for NCAA championships in terms of the specific criteria approved by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee. The division championships committees may assign specific priorities to these criteria for their respective championships. These criteria shall be specified in the appropriate championships handbooks. A governing sports committee that desires to use additional criteria shall obtain approval before doing so.

[31.1.3.2.1-(a) unchanged.]

(b) Revenue potential (e.g., a financial guarantee or guideline that ensures fiscal responsibility and is appropriate for the particular event, as recommended by the governing sports committee and approved by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee);

[31.1.3.2.1-(c) through 31.1.3.2.1-(e) unchanged.]

31.1.3.2.1.1 Site Bid Information. Sports committees shall submit information related to championships site bids in a format approved by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee.

[31.1.3.2.5 unchanged.]

31.1.3.3 Concluding Dates. NCAA championships competition shall be concluded not later than May 31 each year unless later dates are approved by the applicable sport oversight committee or the Competition Oversight Committee.
31.1.4 Day of Competition. NCAA championships competition may be scheduled or conducted on any day, provided the governing sports committee has received the prior approval of the applicable sport oversight committee or the

Committee. (Note: Waivers have been granted for the Division I Baseball Championship, the Division I Men’s Golf Championships, the Division I Softball Championship, and the Division I Men’s and Women’s Outdoor Track and Field Championships.)

[31.1.4.1 through 31.1.4.2 unchanged.]

31.1.4.3 Rescheduling. If an emergency develops that causes postponement of an NCAA championship, or if the competitive situation dictates a more expeditious completion of the meet or tournament, Sunday competition may be permitted, provided the competing institutions are agreeable and advance approval is obtained from the applicable sport oversight committee or the

Committee. (See Bylaw 31.02.4).

[31.1.4.4 unchanged.]

[31.1.5 through 31.1.9 unchanged.]

31.1.10 Misconduct. Each games committee shall hold a pretournament meeting with the coaches of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31.02.4).

[31.1.10.1 through 31.1.10.2 unchanged.]

31.1.10.3 Penalty for Misconduct. A governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct:

[31.1.10.3-(a) through 31.1.10.3-(h) unchanged.]

31.1.11.1 Financial Penalties. Committee.

31.1.11.2 Late-Entry Fines. Institutions shall not be charged entry fees for teams or student-athletes competing in NCAA championships, but governing sports committees may establish late-entry fines, subject to the approval of the applicable sport oversight committee or the

Committee.

31.1.12 Awards. The Association has created standard participant and commemorative awards for individuals and teams that participate in NCAA championships. The number of such awards for each championship shall be determined by the governing sports committee, subject to the approval of the applicable sport oversight committee (men’s basketball, women’s basketball or football) or the

Committee (for all other sports). These official NCAA awards shall be the only awards presented by the Association to teams and individuals for participation in NCAA championships competition and shall be the only awards presented at the site of an NCAA championship. “At the site” is intended to include the period from the time access to the site is available to spectators until all patrons have left the facility or area used for competition. (See Figure 16-1, Figure 16-2 and Figure 16-3 for additional limitations on awards.)

[31.1.12.1 through 31.1.12.2 unchanged.]

[31.1.13 unchanged.]

31.2 Eligibility for Championships.

31.2.1 Institutional Eligibility. To be eligible to enter teams or individual student-athletes in NCAA championships, an institution shall recognize the sport involved as a varsity intercollegiate sport (see Bylaw 17.02.18) and shall meet the institutional requirements set forth in Bylaw 18.4.2 applicable to the division in which the institution is a member or for which it is petitioning for eligibility in a sport. An institution that holds membership in a member conference may not
enter teams or individuals in an NCAA championship unless they are eligible for such competition under the rules of that conference [see Bylaw 18.4.2.1-(a)].

[31.2.1.1 through 31.2.1.2 unchanged.]

31.2.1.3 Deadline Waivers. Institutions that fail to meet a deadline for institutional eligibility in NCAA championships may appeal to the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee for a waiver. If the appeal is granted, the institution may be restored to eligibility for NCAA championships.

[31.2.1.3.1 unchanged.]

31.2.1.4 Joint-Declaration Program. The NCAA and the National Association of Intercollegiate Athletics together administer a joint-declaration program in those men’s and women’s sports in which there is a date conflict between the national championships of the two organizations. In such championships, each institution that holds membership in both organizations must declare by mid-September each year whether it will participate (if selected) in the NAIA championship, in the NCAA championship or in no postseason competition in that sport. An institution that fails to submit the joint-declaration form by the established deadline shall be ineligible to compete in both associations’ championships in the particular sport(s) that year. An appeal process exists for such institutions and such an appeal may be submitted to the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee.

[31.2.1.5 through 31.2.1.6 unchanged.]

31.2.1.7 Eligibility Requirements. Institutional eligibility for all championships shall be limited to member institutions that meet institutional eligibility requirements (see Bylaw 31.2.1) and any additional requirements specified in the applicable championships handbooks.

31.2.1.7.1 Eligibility of Participants. An institution shall advise the NCAA championships staff if a student-athlete who has participated in regular-season competition becomes ineligible before the date on which the governing sports committee selects championship participants, as indicated in the appropriate championships handbook.

[31.2.1.7.1.1 through 31.2.1.7.1.2 unchanged.]

31.2.1.7.1.3 Review of Violation of Terms of Availability Questionnaire. When an institution is alleged to have violated the terms of an availability questionnaire (e.g., failing to report an ineligible student-athlete), it may be represented at the meeting of the governing sports committee when the committee determines whether a violation occurred and, if so, whether the institution shall be ineligible to participate in the tournament for one or more years. The institution may submit a written statement or make an in-person presentation, or both. After the governing sports committee has ruled on the matter, its decision shall be final unless the institution appeals the decision to the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee. The applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee shall hear the appeal at one of its regularly scheduled meetings unless there are compelling reasons to conduct a special meeting for such purpose.

[31.2.1.7.2 unchanged.]

[31.2.2 unchanged.]

31.3 Selection of Teams and Individuals for Championships Participation. A list of the institutions in good standing shall be supplied by the NCAA president to the chair of each governing sports committee and to the athletics director of the host institution. This list should be observed carefully to ensure that no entries are accepted from or invitations extended to ineligible institutions.

31.3.1 Size of Championships Fields. The size of all NCAA championships fields shall be established by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee to provide for efficient management of the events, adequate NCAA championship opportunities relative to the nationwide quality of competition and sound economic administration of the financial resources of the Association and its championships.

[31.3.2 unchanged.]

31.3.3 Criteria for Selection of Participants. The following criteria shall be employed by a governing sports committee in selecting participants for NCAA championships competition, and a governing sports committee that wishes to use
additional criteria must obtain approval from the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee before doing so:

[31.3.3-(a) through 31.3.3-(c) unchanged.]

[31.3.3.1 through 31.3.3.5 unchanged.]

31.3.4 Automatic Qualification. Each governing sport committee shall forward annually to the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee those conferences that should receive automatic qualification for their teams or individual student-athletes into NCAA championships. Prior to forwarding the list of conferences to receive automatic qualification, a governing sport committee shall ensure that the member conference meets the requirements specified in Bylaws 31.3.4.1 through 31.3.4.6. A member conference may appeal to the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee the automatic-qualification review of the sport committee and the committee's decision to find, or not find, a conference qualified for automatic-qualification status. The decision on such appeals will be final.

[31.3.4.1 through 31.3.4.4 unchanged.]

31.3.4.5 Sports Groupings for Automatic Qualification. For purposes of evaluating criteria for automatic qualification, the various sports shall be grouped as follows:

(a) Team Sports -- baseball, basketball, beach volleyball, bowling, field hockey, football, ice hockey, lacrosse, rowing, soccer, softball, volleyball and water polo. In this category, subject to the approval of the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee, a sport committee may grant exceptions to the six-team requirement for sports that are sponsored by less than 30 percent of the membership, provided the conference previously included six teams that sponsored the sport;

[31.3.4.5-(b) unchanged.]

(c) Other Individual Sports -- cross country, fencing, golf, gymnastics, rifle, skiing, tennis and men's wrestling. In this category, a sports committee may grant exceptions to the six-team requirement, subject to the approval of the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee.

31.3.4.6 Limitations on Automatic-Qualifying Positions.

31.3.4.6.1 Team Sports Other Than Men's Basketball. In team sports, per Bylaw 31.3.4.5-(a), excluding football and any team sport in which automatic qualification is not offered, the sport committee must award, if a sufficient number of applications for automatic qualification exist, at least 50 percent of the championship field to conferences that meet automatic-qualification criteria and provide play-in criteria. In sports other than men's volleyball, men's water polo and women's water polo, the remaining 50 percent of the championship field shall be reserved for at-large teams. It will be the responsibility of the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee to determine if a conference play-in to a championship field is to be administered by the NCAA championships staff or by the member conferences.

[31.3.4.6.2 unchanged.]

[31.3.5 through 31.3.6 unchanged.]

31.4 Financial Administration of Championships.

31.4.1 Host Institution's Responsibility. The host institution shall administer the finances of an NCAA championship in accordance with this bylaw and consistent with the institution's championship budget, as submitted to and approved by the governing sports committee and the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee.

[31.4.1.1 unchanged.]

31.4.2 Gross Receipts. Gross receipts shall be all revenues derived from the championship, including:

[31.4.2-(a) through 31.4.2-(e) unchanged.]

[31.4.2.1 unchanged.]

31.4.2.2 Waiver. Any waiver of the policies for the gross receipts of championships shall be approved in advance by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee.
31.4.3 Game Expenses. Game expenses are the actual costs directly related to the administration and conduct of the championship, including specifically the costs for tickets (printing, selling and collecting), sales taxes, ushers, game officials, police, buildings and grounds expenses, printing of related materials, motion pictures of the competition (if authorized by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee), reasonable entertainment, expenses of selection committees authorized by the governing sports committee and any other out-of-pocket expense directly related to the administration and conduct of the championship.

[31.4.3.1 unchanged.]

31.4.3.2 Waiver. Any waiver of the policies for game expenses shall be approved in advance by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee.

31.4.4 Institutional Allowance. The host institution may share in the balance remaining after game expenses are deducted from the gross receipts. Television rights fees and income from championships programs and merchandise produced and sold under contract between the NCAA and an outside agency shall not be included in determining the host institution's allowance.

31.4.4.1 Permissible Allowances. The amount of institutional allowance varies with the sport, the level of championships competition, whether there is a common site for men's and women's championships and whether an institution's facilities are used. The permissible institutional allowances (from balance of gross receipts after deduction of game expenses) are as follows:

<table>
<thead>
<tr>
<th>TEAM</th>
<th>INDIVIDUAL</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Preliminary</td>
</tr>
<tr>
<td>One day</td>
<td>$575</td>
</tr>
<tr>
<td>Two days</td>
<td>$750</td>
</tr>
<tr>
<td>Three or more days</td>
<td>$920</td>
</tr>
</tbody>
</table>

-- For championships conducted at institutional facilities, hosts may deduct the permissible allowance above or a maximum of 15 percent of gross receipts after deduction of game expenses (20 percent for the NCAA Division I Men's Basketball Championship), whichever is greater.

-- For championships conducted at off-campus facilities, hosts may deduct the permissible allowance or a maximum of 10 percent of gross receipts after deduction of game expenses, upon the recommendation of the sports committee and approval of the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee.

-- Amount is doubled for common-site men's and women's championships.

[31.4.4.2 unchanged.]

[31.4.5 unchanged.]

31.4.6 Transportation and Per Diem Expenses. Subject to the availability of funds, the Association may pay transportation and per diem expenses incurred by teams and individual competitors in NCAA championships competition. Transportation expenses and per diem allowances for the official traveling parties of competing institutions in Division I and National Collegiate team championships and individual-team championships shall be determined and provided in accordance with policies and procedures established by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee. On an annual basis, the percentage of transportation expense and the per diem allowance to be paid in each championship for the next academic year shall be announced to the membership.

[31.4.7 through 31.4.10 unchanged.]

31.5 unchanged.

31.6 Rights to NCAA Properties and Marketing Restrictions.

[31.6.1 through 31.6.3 unchanged.]

31.6.4 Championships Properties. The Association owns all rights to each and all of its championships as listed in Bylaw 18.3. These rights include, in addition to the rights with respect to participation and admission, rights to television (live and delayed), radio broadcasting, filming and commercial photography. In addition, the NCAA reserves the right to sell items developed through the NCAA marketing program at the site of a championship.
31.6.4.1 Awarding Media Rights. Television, radio and film rights shall be awarded in such a manner as to advance most fully the following interests:

[31.6.4.1-(a) through 31.6.4.1-(d) unchanged.]

Specific policy decisions under the foregoing are determined by the governing sports committee for the particular championship, subject to the approval of the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee. Negotiations with respect to the awarding of any such rights shall be conducted by the president, who shall have authority to determine the specific terms and conditions and to execute contracts for the awarding of such rights on behalf of the Association. Inquiries concerning all such rights should be directed to the NCAA president at the national office. In accordance with the policies stated herein, the NCAA president shall negotiate with any party interested in such rights when they are available.

[31.6.4.2 unchanged.]

31.6.4.3 Photographs, Films and Videotapes. The Association reserves all rights to the use of still photographs, films and videotapes of its championships. All rights to photograph, film and videotape NCAA championships may be assigned to media representatives for news purposes but otherwise are to be controlled exclusively by NCAA Productions, a unit of the NCAA. NCAA Productions shall film or videotape certain NCAA championships, as recommended by the governing sports committees and approved by the applicable sport oversight committee or the Competition Oversight Student-Athlete Experience Committee. Its cost in filming or videotaping an NCAA championship and producing prints or video dubs for the NCAA library of films shall be entered as an item of game expenses for that championship. The filming or videotaping of NCAA championships by parties other than NCAA Productions (e.g., participating institutions or commercial film production companies) for any purpose other than news purposes may be permitted only with the advance written consent of the NCAA president.

[31.6.4.3.1 unchanged.]

[31.6.4.4 through 31.6.4.6 unchanged.]

The national statistics program policies and procedures shall be published on the NCAA website.

Source: NCAA Division I Council (Competition Oversight Committee)

Effective Date: Immediate

Category: Amendment

Topical Area: Governance Structure and Committees

Rationale: Outside of the four sport-specific oversight committees (NCAA Division I Football Bowl Subdivision Oversight Committee, Football Championship Subdivision Oversight Committee, Men’s Basketball Oversight Committee, and Women’s Basketball Oversight Committee) there is no distinct oversight committee for the other Division I and national collegiate championship sports that is responsible for the entirety of a sport’s ecosystem. Support of all other sports comes from the Competition Oversight Committee or the Student-Athlete Experience Committee, depending on the subject area. This proposed merger is designed to create a system in which sports other than football and basketball and their involved matters are addressed with increased efficiency. The proposed new committee would oversee regulatory matters (e.g., NCAA Bylaws 13, 17, 18 and 31) and the sport committees in all sports other than football and basketball would report to it. Importantly, the merging of existing council standing committees does not change the scope of work for sport committees. Sport committees would still primarily be responsible for the administration of the postseason.

Division I Commitment addressed by proposal: The Commitment to Value-Based Legislation.

Is the proposal consequential or nationally significant?: Yes.

Is the proposal enforceable and how do the merits outweigh monitoring burdens?: Yes. This proposal does not establish a new monitoring burden.
How does the proposal support student-athlete success/well-being?: These combined committees would enhance the student-athlete voice in the governance structure.

Estimated Budget Impact: Potential reduction based on fewer committee members.

Impact on Student-Athlete’s Time (Academic and/or Athletics): None.
